

# GSS 2020

## 4<sup>th</sup> Global Soil Security Conference

June 1 (Mon) ~ June 4 (Thu), 2020  
SKY 31 Convention, Lotte World Tower • Seoul, Korea

Newsletter Vol. 4 | February 21, 2020

## Submit Your Abstract Now and Join the **GSS 2020!**

**Abstract submission is now on-going!**

Submit your abstract now and share your latest researches and updates in the GSS 2020!

### ○ Theme & Session Topics

Soil security requires maintenance and improvement of the soil resource to meet global challenges to produce food, fiber, and fresh water, to contribute to sustainable energy production, adapt to climate changes, and to maintain biodiversity and human health. Those concerned with achieving soil security recognize that attainment involves scientific, economic, and political engagement to effectively and credibly inform political and legal frameworks and implement appropriate actions.

#### Theme

Global Soil Security: Beyond the Soil to Human Health

## Session Topics

1. Soil Security: Beyond the Soil (BTS) to Human Health
2. Soil Security and Soil Health
3. Capability and Condition for Human Health
4. Digital Platform for Soil Security Assessment
5. Soil Biome and Soil Security
6. Soil Capital and Codification for the Policy Framework
7. Soil Security for Food-Water-Energy-Climate Nexus
8. Connectivity: Soil Security for the Smart Urban Ecosystem Services
9. Soil Security: Strategic Tools for the Sustainable Soil Management
10. Environmental and Socioeconomic Threat to Soil Security
11. Linkage of Silo Security to Ecosystem Services and Sustainability
12. Soil Security: Beyond the Soil to Where?

○ **Abstract Submission Due: March 31 (Tue), 2020!**

→ **Do Not Miss the Opportunity!**
